EXPERIENCE

Happy House **2026 - Present**
Administrative Support | Product Catalog & Pricing
- Maintain product catalogs in Microsoft Excel, updating product information, pricing, images and formulas and preparing supporting PDF documentation.
- Cross-check quotations, invoices and internal records to verify prices, discounts, quantities, totals and product specifications before updates are applied.
- Organize product files and commercial documentation to keep catalog and pricing information consistent across working materials.

GoTeam Games **Jan 2026 - Jul 2026**
Accounting Administrator | Part-time, Remote
- Managed billing links and client payment processing, supporting accurate accounts receivable tracking and day-to-day liquidity monitoring.
- Organized business documentation, communication channels and corporate account information to support internal administration and operational control.

PROJECTS & ENTREPRENEURSHIP

M Noir's **2026 - Present**
Direct-to-Consumer E-commerce Venture | Shopify
- Develop a direct-to-consumer pet-products store, covering supplier research, product sourcing, pricing, catalog structure, product variants and storefront optimization.
- Built a Google Sheets control model for expenses, products and subscriptions, using formulas to evaluate unit economics, margins, return on ad spend and customer acquisition cost.

Tot's **Aug 2025 - Dec 2025**
Web Development Project
- Developed a responsive business website from requirements gathering through deployment, applying UX, SEO and performance-focused design principles.

Portfolio - Tobias Pedrouzo **Jul 2025 - Present**
Personal Web Development Project
- Built a responsive portfolio to present development projects and technical work, focusing on clean architecture, loading performance and user experience.
